- The Club with the highest number of points shall be at the top of the league table and the Club with the lowest shall be at the bottom.
- Where Clubs have an equal number of points their relative positions shall be determined by points difference so that the Club having the greater points difference is placed above the Club with the lesser points difference.
- Where Clubs have an equal number of points and their points difference is equal then relative positions shall be determined by the head to head record in League matches only. Where their head to head record is even then the aggregate score of all head to head league fixtures will decide the team on top.
- If the positions are still equal, positions will be determined by the toss of a coin which shall be carried out at such time and place as the RFL shall direct and those Clubs concerned shall be entitled to witness the toss.

4.11.3 The notional scores in forfeited games shall be 24-0 and a points deduction of 1 point. However this shall only be used as last resort.
